

ADVISORY: If your DCJS firearms endorsement has expired, DO NOT take renewal training. You cannot renew an expired firearms endorsement unless an extension was provided by the department prior to expiration. There are NO GRACE PERIODS for firearms renewals.

DCJS Firearms Re-Training Procedure

- 1) Complete the online part of your renewal training. See the video on the website if you need a brief on how to use the system. **YOU WILL NOT RECEIVE A CERTIFICATE AT THE END.** For firearms courses, your certificate will be populated manually by an instructor after you have completed the range portion of training. <https://stratusdefense.com/dcjs-renewals/>
- 2) See the calendar on the website for upcoming DCJS Shooting Range Dates. Send a message to let us know you're coming so we can get a headcount and avoid overbooking the range. Send a message to training@stratusdefense.com or send a text to (703) 719-4300 with your name and DCJS ID number with the date you are attending.
- 3) Log in to your DCJS account on the DCJS website and make sure you complete the renewal application for your firearms endorsement. You should see a blue "Renew" button next to the credential you want to renew. Visit the link to login to your DCJS account:

NOTE: You don't have to wait until training is complete to complete the DCJS renewal application. You can do it first if you prefer.
